AND TOXIC  
SUBSTANCES

April 2, 2004

**MEMORANDUM**

**Subject:** Efficacy Review of 6(a)(2) Submission for Discide Ultra Disinfectant, EPA Reg. No. 10492-5  
DP Barcode: D299209

**From:** Michele E. Wingfield, Chief   
Product Science Branch  
Antimicrobials Division (7510C)

**To:** ShaRon V. Carlisle, AD 6(a)(2) Coordinator  
Regulatory Management Branch II  
Antimicrobials Division (7510C)

Palmero Health Care submitted information pursuant to FIFRA Section 6(a)(2) for their product Discide Ultra Disinfecting Spray. Data from a study conducted in 2002, showed that the product was not effective against *Salmonella choleraesuis* (ATCC 10708) when tested using the AOAC Germicidal Spray Product Test, for a contact time of one minute.

As a corrective action for this failure, Palmero Health Care had new studies conducted on their product. Two batches of the product were tested at Bioscience Laboratories, Inc., against *Salmonella choleraesuis* for a contact time of one minute. Both batches passed the testing, therefore, the 6(a)(2) action for this product is resolved.
